Ann Marie Harding Financial Support Program FAQ

Who is eligible for support?

All families who have been a part of the school for at least two consecutive years and whose children are enrolled in our Second or Third Year Casa, Elementary, or Junior High programs are eligible to apply for financial support. Children in our Toddler and First Year Casa programs are not eligible to apply.

How do I apply for financial support?

Apple Financial Services is a member of the Financial Aid for Canadian Students (FACS) program and acts as a financial assistance advisor. Families applying for Financial Support must complete the FACS Parents' Financial Statement available directly online at www.applefinancialservices.ca. The application and all supporting documents are forwarded directly to Apple Financial Services for analysis. **All applications must be submitted to Apple Financial Services for review by Friday, Jan. 12, 2018.**

When do I know if I will receive financial support?

Apple Financial Services will perform a need analysis which is then reviewed by both the Registrar and Executive Director of Montessori Academy of London. The school holds this information in strict confidence, and families are asked to do the same. **Families will receive a letter in the mail notifying them of their financial support status prior to the re-enrolment deadline of Friday, Feb. 23, 2018.**

How is financial assistance determined?

Apple Financial Services provides a Financial Aid for Canadian Students (FACS) application form and uses a standard formula to determine a family's needs. Income, expenses, assets and debts, age, size of family, and the number of children at tuition-paying schools and universities are considered. Apple Financial then sends recommendations for support to the school.

Is the assistance renewable each year for the same amount?

Each year is considered separately and therefore a new application must be filed each year. Changes in financial status may affect the amount of support.

What if the parents are divorced or separated?

The FACS requires information of financial status to be provided from both parents as indicated on the application. Confidentiality is assured. Please contact Apple Financial Services for more information: www.applefinancialservices.ca/contact
